
GY-DMT-60B Sleeve Packing Machine

GY-DMT-60B 袖筒包装机

Product Introduction 产品简介

GY-DMT-60B multi-function automatic packing machine is an automatic packaging device developed by our company according to the market demand, which uses a pre-press paper to wrap the added instructions and products and spray glue to prevent them from falling off, so as to achieve the purpose of packaging. The machine adopts frequency conversion speed regulation and automatic control technology of mechanical, electrical, optical and pneumatic integration, which makes intermittent motion and continuous motion perfectly matched. It has the functions of automatic paper feeding, automatic instruction, automatic product pushing, automatic wrapping, adhesive sealing, code spraying, detection, scrap removal, etc; It fully meets the requirements of "GMP" standard in the pharmaceutical industry.

GY-DMT-60B 多功能自动包装机是我公司根据市场需求最新研发的一款用一张预压纸片把添加的说明书以及产品裹起来并喷胶防脱，以达到包装目的的自动包装设备。该机采用变频调速与机、电、光、气一体化自动控制技术，使间歇运动和连续运动完美配合，具有自动下纸片、自动下说明书、自动推产品、自动裹包、喷胶封合、喷码、检测、剔废等功能；完全符合医药行业“GMP”标准要求。

Technical Parameters 技术参数

Productivity (box/min) 生产力 (盒/分钟)	≤60box/min
Max. carton size (mm) 最大纸盒尺寸 (毫米)	160×80×30
Min. carton size (mm) 最小纸盒尺寸 (毫米)	90×80×15
Carton quality 纸盒质量	250-350/m ²
Max. instruction size (length × Wide) 最大说明书尺寸 (长×宽)	260×180
Min. specification size (length × Wide) 最小说明书尺寸(长 x 宽)	110×100
Instruction quality 说明书质量	55-65/m ²
Gas consumption 耗气量	≥5m ³ /h
Total power 总功率	10KW
Power Supply 电源	380V 50Hz
Overall dimension (mm) 外形尺寸 (毫米)	6100×1200×1800
Weight (kg) 重量 (千克)	3200
